

# CHÂTEAU DE VOLTAIRE

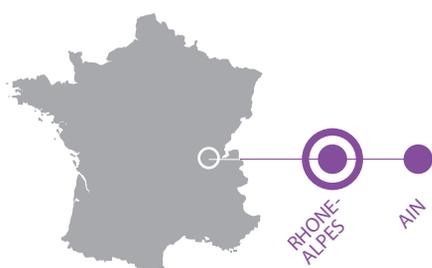

For a day, an evening or even  
a simple meeting, become  
Voltaire's host in his chateau.

## CHÂTEAU DE VOLTAIRE

At Ferney, at the gates to the Haut-Jura regional natural park to the west and Geneva to the south, a short step from the Swiss border, discover the chateau where Voltaire spent the last twenty years of his life: an exceptional site that retains traces of Voltaire's presence.

The Chateau de Voltaire was constructed by the writer between 1758 and 1766. At the same time as conducting his great struggles against intolerance here, he was the architect and town planner and continued his literary works, making this chateau the never centre for Enlightenment Europe.

From the Orangery to the chateau or the park, you will find all types of places suitable for your event.
